## 1. INTRODUCTION

At the 48<sup>th</sup> AGM of the Company held on 27 May 2021, the Company had obtained the general mandate from its shareholders:-

- (b) for the authority for the Company to purchase its own shares of up to 10% of its total issued shares ("Share Buy-Back Authority").

In accordance with the Listing Requirements, the Existing Mandate and the Share Buy-Back Authority shall lapse at the conclusion of the forthcoming AGM of the Company unless authority for its renewal is obtained from the shareholders of the Company at the AGM.

Further details on the Proposals are set out in the ensuing sections.

The purpose of this Circular is to provide you with the relevant information of the Proposals as well as to seek your approval for the resolutions pertaining to the Proposals to be tabled at the forthcoming 49<sup>th</sup> AGM, which will be conducted on a virtual basis entirely through live streaming from the broadcast venue at Board Room, No. 1, Block C, Jalan Indah 2/6, Taman Indah, Batu 11, 43200 Cheras, Selangor on Thursday, 26 May 2022 at 9.30 a.m. The notice of the 49<sup>th</sup> AGM together with the Form of Proxy is enclosed in the Annual Report 2021 of the Company for the financial year ended 31 December 2021.

**SHAREHOLDERS OF MIECO ARE ADVISED TO READ AND CONSIDER THE CONTENTS OF THIS CIRCULAR CAREFULLY BEFORE VOTING ON THE RESOLUTIONS PERTAINING TO THE PROPOSALS AT THE FORTHCOMING 49<sup>th</sup> AGM.**

## **2. DETAILS OF THE PROPOSALS**

### **2.1 PROPOSED SHAREHOLDERS' MANDATE**

The Board proposes to seek shareholders' mandate for the Group to enter into RRPT(s) of a revenue or trading nature in the ordinary course of business which are not more favourable to the Related Parties. Pursuant to Paragraph 10.09(2) and Practice Note 12 of the Listing Requirements, a listed issuer may seek a mandate from its shareholders in respect of RRPT(s) subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Party(ies) than those generally available to the public;
- (b) the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of the transactions conducted pursuant to the shareholders' mandate during the financial year where the aggregate value is equal to or more than the threshold below in relation to a listed issuer with an issued and paid-up capital of RM60.0 million and above:
  - (i) the consideration, value of the assets, capital outlay or costs of the RRPT(s) is RM1.0 million or more; or
  - (ii) the percentage ratio of such RRPT(s) is 1% or more,whichever is the higher.
- (c) the listed issuer's circular to shareholders for the shareholder mandate includes the information as may be prescribed by Bursa Securities;
- (d) in a meeting to obtain shareholders' mandate, the interested directors, interested major shareholders or interested person connected with a director or major shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such directors or major shareholder, must not vote on the resolution to approve the RRPT(s). An interested director or interested major shareholder must ensure that persons connected with him abstain from voting on the resolution approving the RRPT(s); and
- (e) the listed issuer immediately announces to Bursa Securities when the actual value of a RRPT(s) entered into by the listed issuer, exceeds the estimated value of the RRPT(s) disclosed in the circular by 10% or more and must include the information as may be prescribed by Bursa Securities in its announcement.

Where a listed issuer has procured the shareholders' mandate pursuant to the above, the provision of paragraph 10.08 of the Listing Requirements shall not apply during the period of validity of the shareholders' mandate.

### 2.1.1 Principal Activities of MIECO Group

As such, the Board proposes to seek the shareholders' approval for the Proposed Shareholders' Mandate for MIECO Group to enter into transactions in the normal course of business within the classes of Related Parties set out in Section 2.1.3 below, provided such transactions are entered into at arm's length and on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders. Such mandate will enable the Group to enter into the RRPT(s) without the necessity, in most instances, to make the relevant announcement or to convene meetings in order to procure specific prior approval of its shareholders. The RRPT(s) will also be subject to the review procedures set out in Section 2.1.4 below.

### **2.1.2 Validity Period of the Proposed Shareholders' Mandate**

The Proposed Shareholders' Mandate, if approved by the shareholders of MIECO at the 49<sup>th</sup> AGM, is subject to annual review and will continue to be in force until:

#### **2.1.4 Review Methods or Procedures for the Recurrent Related Party Transactions**

MIECO Group has established various methods and procedures to ensure the RRPT(s) are undertaken on arms' length and on normal commercial terms, which are consistent with MIECO Group's usual business practices and policies, on terms which are not more favourable to the Related Parties than those extended to the public and are not detrimental to the minority shareholders.

The review and disclosure procedures are as follows:

- (i) The Related Parties, interested Directors and persons connected will be advised that they are subject to the shareholders' mandate and will also be advised of the review and disclosure procedures;
- (ii) The transaction prices, terms and conditions which are market driven are to be determined at arms' length on a customer/supplier relationship basis at mutually agreed rates after due consideration of benefits to be derived from the transaction, under similar commercial terms for transactions with unrelated third parties, which depend on demand and supply, quality, level of service and other related factors;
- (iii) Some transactions may be on a cost recovery basis, being recovery of part of the costs for sharing or provision of some services or on a negotiated basis where both parties would contract on terms which are mutually acceptable and beneficial;
- (iv) The management of MIECO Group is cognizant that all RRPT(s) are required to be undertaken on an arm's length basis and on normal commercial terms. Where practicable and feasible, quotation and/or tenders will be obtained from at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. Where it is impractical or impossible for quotes and/or tenders to be obtained from unrelated parties, or where there has not been any similar or substantially similar transactions between MIECO Group and unrelated third parties, the terms of the transactions for the products or services will be in accordance to the usual business practices of the Group to ensure that the RRPT(s) is not detrimental to MIECO Group;
- (v) There are no specific thresholds for approval of RRPT(s) within MIECO Group. However, all RRPT(s) are subject to the approval of the appropriate levels of authority as determined by the senior management and/or the Board from time to time, subject to the provisions in the Listing Requirements and/or the Act, where necessary. Where any Director has an interest (direct or indirect) in any RRPT(s), such Director shall abstain from deliberation and decision making;
- (vi) Records will be maintained by the respective companies to capture all RRPT(s) which are entered pursuant to the shareholders' mandate; and
- (vii) The Board shall have overall responsibility for the determination of the review procedures. If a member of the Board and Audit Committee has an interest in the transaction to be reviewed by the Board and Audit Committee, as the case may be, he will abstain from any decision making by the Board or Audit Committee in respect of the said transaction.

### **2.1.5 Outstanding RRPT(s) Receivables**

There is no amount due and owing to the Group by its Related Parties pursuant to the RRPT(s) as at the LPD, as such the disclosure as required under Paragraphs 16A and 16B in the Annexure PN12-A of the Listing Requirements are not applicable.

### **2.1.6 Disclosure in Annual Report**

Disclosure will be made in the annual report of the Company in accordance with Paragraph 3.1.5 of Practice Note 12 of the Listing Requirements, which requires a breakdown of the aggregate value of the RRPT(s) entered into during the financial year based on the following information:

- (a) the type of the RRPT(s) made; and
- (b) the names of the Related Parties involved in each of the RRPT(s) made and their relationship with MIECO Group.

The above disclosure will be made in the Company's annual report for each subsequent financial year after the Proposed Shareholders' Mandate has been obtained.

### **2.1.7 Statement by Audit Committee**

The Audit Committee has the overall responsibility of determining whether the procedures for reviewing all RRPT(s) are appropriate. The Audit Committee will review and ascertain at least once a year whether the procedures established to monitor the RRPT(s) have been complied with. If it is determined that the procedures stated in Section 2.1.4 are inadequate to ensure that (i) the RRPT(s) will be conducted at arms' length and on normal commercial terms and (ii) such transactions are not prejudicial to the interest of the shareholders, the Company will obtain a fresh shareholders' mandate based on the new procedures.

The Audit Committee will also have the discretion to request for limits to be imposed or for additional procedures to be followed if it considers such requests to be appropriate. In that event, such limits or procedures may be implemented without the approval of shareholders, provided that they are more stringent than the existing limits or procedures.

The Audit Committee of the Company has seen and reviewed the procedures set out in Section 2.1.4 above and is of the view that MIECO has in place adequate procedures and processes to monitor, track and identify RRPT(s) in a timely and orderly manner and is of the opinion that the procedures are sufficient to ensure that the RRPT(s) will be carried out at arms' length and in accordance with MIECO Group's normal commercial terms, and hence, will not be prejudicial to the shareholders or disadvantageous to MIECO and not more favourable to the Related Parties than those generally available to the public and not detrimental to minority shareholders of MIECO. The review of these procedures and processes is carried out at least once a year or when deemed necessary by the Audit Committee.

## **2.2 PROPOSED RENEWAL OF SHARE BUY-BACK**

The Board proposes to seek the approval of the shareholders for the renewal of authorisation for the Company to purchase and/or hold from time to time and at any time up to 10% of the total number of issued shares of MIECO for the time being quoted on Bursa Securities through stockbrokers. If approved by shareholders at the forthcoming 49<sup>th</sup> AGM, the authority conferred by the Proposed Renewal of Share Buy-Back will continue in force until the next AGM of the Company (whereupon it will lapse unless renewed at such meeting) or until it is varied or revoked by the Company in a general meeting (if so varied or revoked prior to the next AGM) or at the expiration of the period within which the next AGM after that date is required by law to be held, whichever occurs first.

### **2.2.1 The Maximum Number or Percentage of Shares to be Acquired**

The maximum number of Shares which may be purchased or acquired by the Company will be 10% of the total number of issued shares of the Company being quoted on Bursa Securities. As at LPD, the issued share of the Company is 999,999,966 Shares.

### **2.2.2 Source of Funds**

The maximum amount of funds to be allocated for the Proposed Renewal of Share Buy-Back will be subject to the amount of retained profits of the Company. Based on the latest audited financial statements of MIECO for the FYE 31 December 2021, the retained profit of the Company stood at RM154,349,000.00. The Proposed Renewal of Share Buy-Back will be funded from internally generated funds. The authority for the Proposed Renewal of Share Buy-Back will allow the Directors to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period using the internal funds of the Company. The actual number of Shares to be purchased will depend on the market conditions and sentiments of the stock market, the availability of the retained profits as well as the financial resources available to the Group. In any event, the Board will ensure that the maximum funds to be used for the buy-back of its Shares shall not exceed the retained profits of the Company.

### **2.2.3 Pricing**

In accordance with the Listing Requirements, the Company may only purchase its own Shares on Bursa Securities at a price which is not more than 15% above the weighted average market price for the Shares for the past five (5) market days immediately preceding the date of purchase. The Company may only resell the Treasury Shares on Bursa Securities or transfer treasury shares pursuant to Section 127(7) of the Act, at:-

- (a) a price which is not less than the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer; or
- (b) a discounted price of not more than 5% to the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer provided that:-
  - (i) the resale or transfer takes place not earlier than thirty (30) days from the date of purchase; and
  - (ii) the resale or transfer price is not less than the cost of purchase of the Shares being resold or transferred.

### **2.2.4 Treatment of Shares Purchased**

In accordance with Section 127 of the Act, the Directors will deal with the Shares purchased in the following manner:-

- to cancel the Shares so purchased; or
- to retain the Shares so purchased as Treasury Shares held by the Company; or
- to retain part of the Shares so purchased as Treasury Shares and cancel the remainder; or
- to distribute the Treasury Shares as dividends to shareholders; or
- to resell the Treasury Shares on Bursa Securities in accordance with the Listing Requirements of Bursa Securities; or

any combination of the above.

Where the Directors intend to retain the Shares purchased as Treasury Shares, cancel the Shares purchased, or both, an appropriate announcement will be made to Bursa Securities.

If the Board decides to retain the Shares purchased as Treasury Shares, it may distribute the Treasury Shares as dividend to the shareholders and/or resell the Shares purchased on Bursa Securities and utilise the proceeds for any feasible investment opportunity arising in the future, or as working capital. The treatment of the Shares purchased and Treasury Shares, whether treated as dividends, resold on Bursa Securities or cancelled by the Company, will be dependent on the availability of the retained profits of the Company. In the event that the Company ceases to hold all or any part of such Shares as a result of the above actions, the Company may further purchase and/or hold such additional number of Shares (in aggregate with Shares then held by the Company) which shall not exceed 10% of the total number of issued shares of the Company for the time being quoted on Bursa Securities.

While the Shares are held as Treasury Shares, the rights attached on them as to voting, dividends and participation in any other distribution and otherwise are suspended and the Treasury Shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purpose including major shareholdings, takeovers, notices, requisitioning of meetings, quorum for meetings and the result of votes on resolutions.

#### **2.2.5 Potential Advantages and Disadvantages of the Proposed Share Buy-Back**

The potential advantages and disadvantages of the Proposed Renewal of Share Buy-Back, if exercised, to the Company and its Shareholders are as follows:-

##### **Potential Advantages**

- Where the Directors resolve to cancel the Shares so purchased, the Company expects to enhance the EPS of the Group as a result of the reduction in the issued and paid-up share capital of the Company, thereby enabling long term and genuine investors to enjoy any potential corresponding increase in the value of their investments in the Company;
- As permitted under Section 127 of the Act, where the Shares bought back are retained as Treasury Shares, the Directors would have an option to distribute these Shares as dividends to reward the shareholders; and
- The Company may be able to reduce any unwarranted volatility of its Shares and assist to stabilise the supply, demand and price of its Shares in the open market, thereby supporting the fundamental value of its Shares.

##### **Potential Disadvantages**

- The Proposed Renewal of Share Buy-Back, if implemented, will reduce the financial resources of the Group and may result in the Group foregoing better investment opportunities that may emerge in the future or, at least, deprive MIECO and the Group of interest income that can be derived from the funds utilised for the Proposed Renewal of Share Buy-Back; and
- It may also result in a lower amount of cash reserves available for dividends to be declared to shareholders as funds are utilised to purchase Shares.

However, this disadvantage is mitigated by the prospect that the final resources of the Group may increase, if the Shares purchased held as Treasury Shares are re-sold at prices higher than their purchase price. The Board in exercising any decision on the Proposed Renewal of Share Buy-Back will be mindful of the interest of the Company and its shareholders.

## 2.2.6 Public Shareholding Spread

As at LPD, the public shareholding spread of MIECO was 45.7%. The public shareholding spread is expected to be reduced to 39.7% assuming the Proposed Renewal of Share Buy-Back is implemented in full and all the Shares so purchased are cancelled. However, the Board will ensure that prior to any share buy-back exercise, the public shareholding spread of at least 25% is maintained.

## 2.2.7 Implications Relating to the Code

There is no implication arising from the provision of the Malaysian Code on Take-Overs and Mergers, 2016 to the Company if the Proposed Renewal of Share Buy-Back Authority is carried out in full.

## 2.2.8 Previous Purchases, Resale and Cancellation of Treasury Shares

### 3. RATIONALE FOR THE PROPOSALS

#### 3.1 PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate will enable MIECO Group to carry out RRPT(s) necessary for the Group's day-to-day operations, which are time sensitive in nature, and will eliminate the need to announce and convene separate general meetings (if applicable) from time to time to seek shareholders' mandate for such transaction. This will substantially reduce the expenses, time and other resources associated with convening of general meetings on an ad hoc basis, improve administrative efficiency and allow financial and manpower resources to be channeled towards attaining other corporate objectives.

The RRPT(s) carried out within MIECO Group creates mutual benefits for the companies in the Group, such as expediency and increased efficiency necessary for its day-to-day operations.

In addition, the RRPT(s) are intended to meet the business needs of the Group on the best possible terms. By transacting with the Related Parties, the Group would have an advantage of familiarity with the background and management of the Related Parties, thus enabling more informed commercial decisions to be made. In most dealings with the Related Parties, the Group and the Related Parties have close co-operation and a good understanding of each other's business needs thus providing a platform where all parties can benefit from conducting the RRPT(s).

#### 3.2 PROPOSED RENEWAL OF SHARE BUY-BACK

The Proposed Renewal of Share Buy-Back, if implemented, will enable MIECO Group to utilise any of its surplus financial resources which is not immediately required for other uses to purchase its own Shares from the market. The Proposed Renewal of Share Buy-Back is expected to stabilise the supply and demand as well as the price of the Shares.

Other things being equal, the Proposed Renewal of Share Buy-Back, regardless of whether the Shares purchased are maintained as Treasury Shares or cancelled, will strengthen the EPS of the Company which in turn is expected to have a positive impact on the market price of the Shares.

The Shares purchased may be held as Treasury Shares and resold on Bursa Securities at a higher price with the intention of realising a potential gain without affecting the issued share capital of the Company. Should any Treasury Shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

### 4. EFFECTS OF THE PROPOSALS

The Proposed Shareholders' Mandate will not have any material effect on the share capital of the Company as well as the consolidated NA, gearing, EPS, and the shareholdings of the substantial shareholders of MIECO.

The effects of the Proposed Renewal of Share Buy-Back are illustrated as follows:-

On the assumption that the Proposed Renewal of Share Buy-Back is carried out in full, the effects of the Proposed Renewal of Share Buy-Back on the share capital, NA, working capital, earnings, dividends and gearing of the Company are set out as below:-

#### (a) Share Capital

In the event that the maximum number of Shares authorised under the Proposed Renewal of Share Buy-Back are purchased and subsequently cancelled, the effects of the Proposed Renewal of Share Buy-Back on the issued share capital of the Company will be as follows:-

	No. of MIECO Shares
Issued share capital as at 11 April 2022	999,999,966
Cancellation of Purchased Shares	(99,999,997)
Issued share capital after the Proposed Shares Buy-Back	899,999,969

However, if all the Shares purchased are retained as Treasury Shares, the Proposed Renewal of Share Buy-Back would not have any effect on the issued share capital of the Company, although substantially all rights attached to the Shares held as Treasury Shares would be suspended. While these Shares remain as Treasury Shares, the Act prohibits the taking into account of such Shares in calculating the number or percentage of Shares in the Company for any purpose whatsoever including major shareholdings, takeovers, notices, requisitioning of meetings, quorum for meetings and the result of votes on resolutions.

**(b) NA**

The effects of the Proposed Renewal of Share Buy-Back on the consolidated NA per share of MIECO would be dependent on the purchase price of the Shares, the effective funding cost to MIECO Group to finance the purchase of the Shares and/or any loss of interest income to the Company and whether the Shares purchased are cancelled, retained as Treasury Shares or resold on Bursa Securities.

In the event the Shares purchased are cancelled by the Company, the consolidated NA per share of MIECO would improve if the purchase price of the Shares is below the NA per share of the Company, and vice versa.

If the Treasury Shares are resold in the open market, the consolidated NA per share of MIECO may increase if the Company realises a gain from the resale, and vice versa. If the Treasury Shares are distributed as share dividends, the NA of MIECO Group would be accordingly decreased by the cost of acquisition of the Treasury Shares.

**(c) Working Capital**

The Proposed Renewal of Share Buy-Back will reduce the working capital of MIECO Group, the quantum of which would depend on, amongst other, the number of Shares eventually purchased and the purchase price of the Shares. The cash flow of MIECO Group will be reduced relatively to the number of Shares eventually purchased and the purchase price of the Shares. For Shares so purchased which are kept as Treasury Shares, upon its resale, the working capital and cash flow of the Company will increase. The quantum of the increase in the working capital and cash flow will depend on the actual selling price of the Treasury Shares and the number of Treasury Shares resold.

**(d) Earnings**

The effects of the Proposed Renewal of Share Buy-Back on the EPS of MIECO Group are dependent on the purchase prices of the Shares and the effective funding cost, if any, or any loss in interest income to the Group. If the Shares purchased by the Company are cancelled, the net EPS of MIECO may increase as a result of the reduction in the issued share capital of the Company. In the event that the Treasury Shares are resold on the open market, the EPS of MIECO Group may also increase if the Company realises a gain from the resale, and vice versa. Assuming that the Shares purchased are being retained as Treasury Shares and subsequently resold, the effects on the earnings of the Group will depend on the actual selling price, the number of Treasury Shares resold and the effective gain or loss arising from the resale.

**(e) Dividends**

The Proposed Renewal of Share Buy-Back is not expected to have any impact on the policy of the Board in recommending dividends, if any, to the shareholders of MIECO. However, the Board may distribute future dividends in the form of Shares which have been bought back and retained as Treasury Shares.

**(f) Gearing**

In executing any future share buy-back, the Board will endeavor that the exercise does not have significant impact on the gearing of the Group.

	No. of MIECO Shares	%	No. of MIECO Shares	%	No. of MIECO Shares	%	No. of MIECO Shares	%
